Gardener's poem:

The rush of spring begins to fade,
As Ayre garden steps into deeper shade.
The morning sun shines warm and clear,
To wake the sweetest time of year.
The courtyard roses burst awake,
With every breath of wind they shake,
And foxgloves stand in velvet spires,
As summer lights its gentle fires.
Lavender Lane begins to bloom,
And fills the air with its perfume.
Petals dance on summer's breeze,
Beneath the hum of joyful bees.
